

## **LOANING A MARE FOR BREEDING, also known as Womb Rental**

IMPORTANT INFORMATION FOR MARES OF THESE BREEDS:-  
PRE FUSION HORSES, SPANISH SPOTTED SADDLE HORSES, SPANISH-NORMAN HORSES, &  
ALBION AZTECA HORSES  
ALSO PRE MARES USED IN PRE FUSION HORSE BREEDING

A mare goes on a Breeding Loan (her womb is rented) due to the desire of a Breeder to breed a foal out of a particular mare, when that mare is actually owned by another breeder. Such an agreement must be clearly laid out in every detail in the compulsory Breeding Loan Contract ('Womb Rental Contract').

The planning behind a Breeding Loan (Womb Rental) should begin well before the mare is pregnant and a before the stallion has been chosen, factors that must be determined include:- the start and finish dates of the Breeding Loan Period, insurance cover, vets fees, possibly naming specific Stallions to be used or alternatively banning the use of certain Stallions, other parameters such as loss of the foal or the mare, or possible extension or renewal of the contract.

If the Breeding Loan Contract is set up for several Years then it is also possible to include factors such as determination of who is the Breeder or Owner of a foal born within the Contract Period according to its Sex or Colour.

The Breeding Loan Contract must include all the mare's registration details, the full name and address and telephone and email of the Owner and the Breeder Leasing the Mare, and detail all the agreed parameters

THREE Printed Copies of the Breeding Loan Contract ('Womb Rental Contract') between the registered Owner of the mare and the Breeder-lessee must be completed and signed and dated by BOTH parties BEFORE the mare is covered or inseminated.

The Owner of the Stallion who will be used to cover the mare must be informed of the Breeding Loan Contract and may ask to see a Copy of the contract.

When the mare is covered/inseminated the BAPSH Covering Certificate (or Other Breed Studbook Covering Certificate) must be issued and signed by all three parties. The Number of the Covering Certificate is entered into all three copies of the Breeding Loan Contract and then One Copy given to the Mare Owner, One Copy given to the Breeder-lessee, and One Copy sent to BAPSH Ltd Registry Office WITH a Copy of the Covering Certificate.

The Breeding Loan Contract ('Womb Rental Contract') and the copy of the Covering Certificate must be presented at the BAPSH Ltd Registry Office **at least EIGHT (8) months prior to the birth of the filly/colt.**

The ANCCE-LGPRES Stud Book provides a useful basic model contract for a Breeding Loan Contract ('Womb Rental Contract') which can be adapted to suit individual circumstances, but any agreement should follow the same basic framework.
