

3.IMPORTED SNH FOAL/HORSE REGISTRATION WITH A PASSPORT FROM A FOREIGN STUDBOOK OR AN ID-ONLY PASSPORT OR NO PASSPORT (Horses from outside the EU)

Select One of these Three Options for the Registration of your Horse into the SNH Studbook

3.1. Import Registration and Overstamping the Foreign PIO Passport or the ID Only Passport

3.2. Import Registration, Cancellation of ID-Only or Partbred Passport, and re-issue of BAPSH Ltd Spanish-Norman Horse Pedigree Passport

3.3. Import Registration + New BAPSH Ltd Spanish-Norman Horse Pedigree Passport

IMPORTED HORSES FROM THE EU OR ANY OTHER COUNTRY MUST BE REGISTERED WITH THE UK PIO FOR THAT BREED OR TYPE WITHIN 30 DAYS OF ARRIVAL IN THE UK.

Imported Spanish-Norman horses which were registered with the (in-active) Spanish-Norman Horse Registry, USA, will be accepted into the BAPSH Ltd Spanish-Norman Horse Studbook once the required Import Registration Procedures have been completed and the Breeding Program requirements met.

Imported horses with certified PRE x Percheron parentage will also be considered for registration into the BAPSH Ltd Spanish-Norman Horse Studbook once the required Import Registration Procedures have been completed and the Breeding Program requirements met

If any of the Main Section requirements cannot be met the Horse will be Registered into the Spanish-Norman Horse Studbook Appendix.

3.1. IMPORT REGISTRATION AND OVERSTAMPING THE FOREIGN PIO PASSPORT OR THE ID-ONLY PASSPORT

Summary

Register the horse using this form [Imported Horse Registration Application form 2022](#) using a Vet to re-identify the horse as and send to BAPSH Ltd with the Passport to be Overstamped by BAPSH Ltd. We can provide an A4 registration certificate with the Pedigree details on it but this will be loose, not attached to the Passport. Registration Cost = **£65.00**

PROCEDURE – IN DETAIL

Owner and Vet

a) Breeder/Owner downloads the BAPSH Ltd [Imported Horse Registration Application form 2022](#) or requests a copy from the BAPSH Ltd Registry Office via email or the post (NOTE: there is a surcharge of £5.00 for the BAPSH Office to print and post out application forms in order to cover the extra office costs.

b) The Owner completes the Breeder/Owner details in full, selects the 'Human Food Chain Status' for the foal, completes the pedigree, and signs and dates the declaration.

c) The Equine Vet completes the following:-

i) Fills out the Identification Diagram in full detail, marking EVERY Whorl and Feather on the Foal (including common Whorls), and gives a full written description including the IRIS Colour of the Eyes, and the Skin Colour underlying the hair. The Vet and the Owner should check that the ID Diagram Markings correctly correspond to the Horse's actual Markings and that the Written Description does not accidentally Transpose any Markings from left to right or vice versa.

ii) Scans for the Microchip in the left-side of the neck in mid-crest, reads the Number and writes it directly into the Microchip Box on the Form

iii) Marks the exact location of the Microchip on the ID Diagram with an M in a Circle.

iv) Completes the Veterinary Declaration that the Microchip has been found and read by the Vet themselves.

v) Pulls out 40 hairs by the roots from the Foal/Horse's tail and places these in a clean paper envelope clearly labelled with the Horse's Passport Name, DOB, Sex, and Parentage, and then the Vet signs and stamps across the seal of the envelope.

vi) The Vet then completes the bottom section of the Application Form in clear Capitals giving his/her Name and the Practice Address, Signs and Dates the form, and applies the Vet Practice Stamp in the box provided.

Send the following to BAPSH Ltd

1. The Horse Import Registration Application form

2. DNA Hair sample

3a. The Foal/Horse's Passport issued by the Foreign PIO.

3b. An extended pedigree (if possible)

4. Sire/Dam's Genetic Health Test Results Certificate where one of the parents has Percheron blood. If the SNH or Percheron parent is not certified Negative then either that parent or the foal must be DNA tested for PSSM1

5. Importation Travel Documents
6. Purchase Receipt or Purchase Contract or Transfer of Ownership Certificate
7. The current fee (£65.00) plus the fees for the following DNA tests where required – see below.

Genetic Typing and/or Testing

If genetic testing is required, the hair sample for the foal (or parent horse) is sent by BAPSH Ltd to Animal Genetics UK in order to have one or more of the following tests performed:-

- a) The test for **PSSM1** is done if the Percheron lineage parent or parents is/are NOT certified Negative for this genetic disease.

NOTE:- Hair samples that are not used are stored securely in that horse's own dossier.

BAPSH Ltd have a business agreement with Animal Genetics UK which gives all our clients a discount on the usual prices providing the DNA samples are submitted by BAPSH Ltd. The Animal Genetics Test application form will be completed by the BAPSH Registry Office upon receipt of the Hair Sample and the appropriate Fee. **Please contact BAPSH Registry Office for the current prices for each Genetic Test.**

Last Steps

When BAPSH receives certificates from Animal Genetics (if required) they are copied, and the original Certificates forwarded to the Owner. The Foal/Horse Registration is completed with the Original UELN unchanged, the Four Generation Pedigree created and Printed, the Passport Overstamped and Certified by BAPSH Ltd, and then all posted out to the Owner.

3.2. IMPORT REGISTRATION AND CANCELLATION OF THE ID-ONLY PASSPORT, RE-ISSUE OF A BAPSH Ltd PEDIGREE SNH PASSPORT

IMPORTANT NOTE:- The Full Vaccination Record and the Full Ownership Record within the Horse's Original Passport will be faithfully and accurately copied into the Vaccination and Ownership pages of the New Re-Issue Pedigree Passport. No data will be lost as a result of cancellation and Re-Issue.
